

MARTIN 100 SERIES BRONZE PUMP

Introducing a revolutionary new pump guaranteed virtually maintenance-free and easy to install

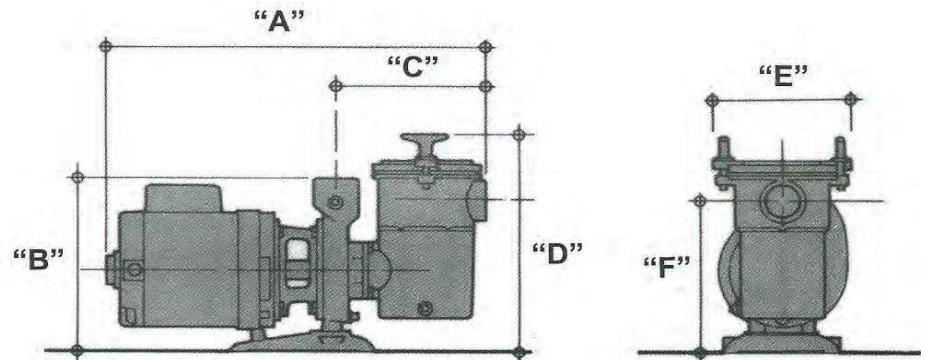

The Martin 100 Series bronze alloy is produced from a special bronze alloy, offering the best quality at a low cost. It is the perfect bronze pump for any spa or pool application.

Pressure tested for maximum performance quality, Martin Pump's improved pump design has a self-priming feature built in. The unique improved design of the 100 Series Pump maximizes:

- **performance**
- **durability**
- **resistance to chemicals**
- **resistance to corrosion**
- **reliability**
- **flow rate**
- **quiet operation**

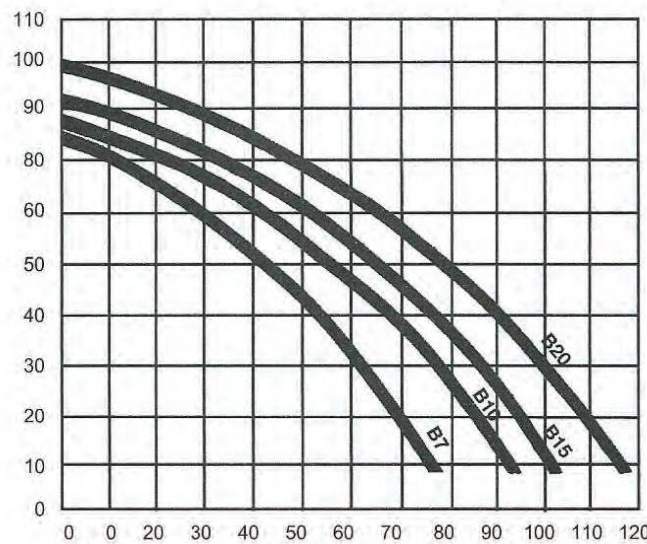

The 100 Series is available with 5" and 6" traps and features all stainless steel fasteners.

Liquid End Pump and motor can be sold separately!
